I believe my strengths as a player are my speed, agility, and love for the game. I am smart player who is able to envision, create, and finish first class plays. I give 110 percent each time I step on the pitch, and always strive to improve. I am a respectful, dedicated, and a very passionate player.

My goal is to receive a NCAA D1 scholarship, continue to play the game that I love at an elite level, and obtain a quality education.
